

GERMANY RENEWS PEACE DISCUSSION

Revives Talk of Negotiations to
Break Ruhr Deadlock Following
Outbreak of Violence

KRUPP MANAGERS ARRESTED

Detained After Trouble at Essen
When Nine German Workers Are
Killed by French

By CARL D. GROAT
(U. P. Staff Correspondent)

Berlin, April 2.—Germany renewed talk of negotiations to end the Ruhr deadlock today, following the outbreak of violence in the occupied areas over the week end that cost twenty-two lives.

The Berlin press asks if it is not now time to put out more feelers to Paris and Brussels, suggesting the advantage lies with Germany.

What was going on in the troubled area around Essen could not be definitely determined today, communication with that storm center being interrupted.

One of the last things known to have occurred is the arrest by the French of four general managers of the Krupp works, where French troops Saturday killed nine German workers and wounded thirty with machine gun fire. The managers are charged with inciting the workers by ordering factory sirens sounded when a French patrol approached to requisition automobiles. A crowd menaced the troops, they reported and they were forced to open fire.

Eleven were killed in a train wreck Saturday and two others were killed in fighting over the week end.

Mingling with the popular outcry here that bloodshed in the Ruhr must cease, indications came today that the Cuno government might try new peace maneuvers this week, based on the theory that Belgium at least is tiring of the adventure and might split from France if satisfactory offers are made.

Hints have been made here recently of the possibility that Belgium is "fed up" with the Ruhr show; foreign Minister Jaspar's visit to Italy seemed to strengthen this view.

The press appeals to inhabitants of the Ruhr to remain calm in the meantime.

STATE CONVENTION TO BE INVITED HERE

Official Board of Main Street Christian Church Votes to go After Church Meeting

CLUBS TO JOIN IN INVITATION

The official board of the Main Street Christian church voted at a meeting Sunday afternoon to extend an invitation to the state convention of Christian churches of Indiana to meet in Rushville in 1924. The Rotary and Kiwanis clubs and city officials will also be asked to join with the church board in inviting the convention to Rushville.

The annual meeting of the church will be held at Frankfort next May and the invitation will be extended at that time. A number of other cities are also planning to seek the convention and there is doubt about where it will be held.

The convention is of four days duration and is generally held about the middle of May. Between five hundred and one thousand persons attend the annual meetings.

The convention has never been held in Rushville. Muncie was the meeting place last year.

FIREMEN GET UNIFORMS

Leslie Downey and John Willis, two members of the fire department, have received their new uniforms ordered recently, and were receiving much favorable comment today. The city council ordered the firemen to wear uniforms and badges, and it is expected that the other four firemen will soon make their appearance in new outfits. The local firemen have worn regulation hats for several years.

CAR GOES INTO THE DITCH

Damaged Sunday When Driver
Avoids Hitting Another Machine

An Overland car, owned and driven by Foy Weaver of Indianapolis, was damaged Sunday noon on the Indianapolis pike, near Cole's lane, just west of Rushville, went into the ditch to avoid hitting a machine coming in from the Cole's lane. The touring car sustained a broken front left wheel, and a twisted axle.

Mr. Weaver who was accompanied by his wife and child, were unhurt in the accident, as the machine kept upright and did not over turn after hitting the ditch along the side of the road.

ESCAPE WITH 9 BAGS OF REGISTERED MAIL

Six Heavily Armed Bandits Hold Up
Government Mail Truck At St.
Louis Today

NO ESTIMATE OF LOSS MADE

St. Louis, Mo., April 2.—Six heavily armed bandits held up a government mail truck here today and escaped with nine sacks of registered mail.

The robbers intercepted the truck at 6:30 a. m., covered the driver and armed guard with revolvers, seized the mail sacks, and drove off in a large automobile.

No estimate of the amount of money contained in the sacks had been made.

Pay checks for mail carriers of six downtown branch postoffices were in the stolen pouches, postal authorities said.

The most complete round up known in St. Louis police records was started in search of the robbers. Hundreds of patrolmen and detective officers off duty were called to report to aid in throwing a net over the city and surrounding country. Police of East St. Louis were called upon to assist in the hunt.

PLAN STRATEGIC ATTACKS

Convicted Men In Gary Conspiracy
To Fight Jury Verdict

(By United Press)

Gary, Ind., April 2.—Attorneys for the fifty-five officials and citizens of Gary and the Calumet region who were convicted Saturday in the Gary liquor fraud case, today were planning strategic attacks upon the jury verdict.

Former Sheriff Lew Barnes, speaking for himself and Mayor Roswell Johnson, declared they would ask for a new trial, then a stay of sentence and if these plans are overruled, an appeal will be taken to the circuit court of appeals at Chicago.

Others of those convicted of conspiracy to violate the prohibition laws are expected to take similar action. Mayor Johnson is out of town today.

GRATE SETS FIRE TO HOUSE

The fire department answered a telephone call Saturday afternoon shortly before five o'clock to the residence of Gay Perkins located at the corner of Eighth and Sexton streets. A grate in the living room set fire to a rug and a chair which were destroyed, but other property was not damaged. The loss was estimated at \$35.

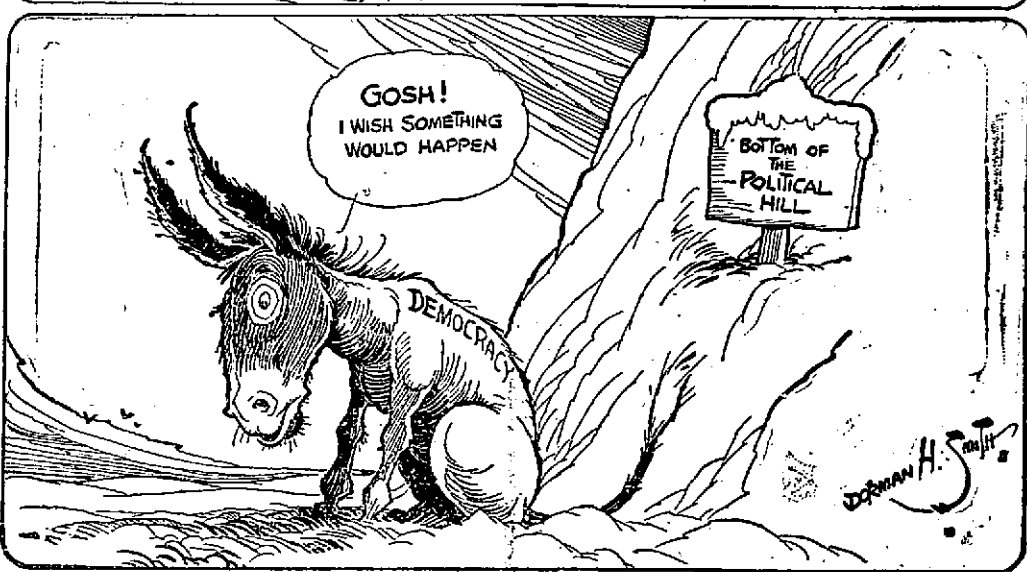

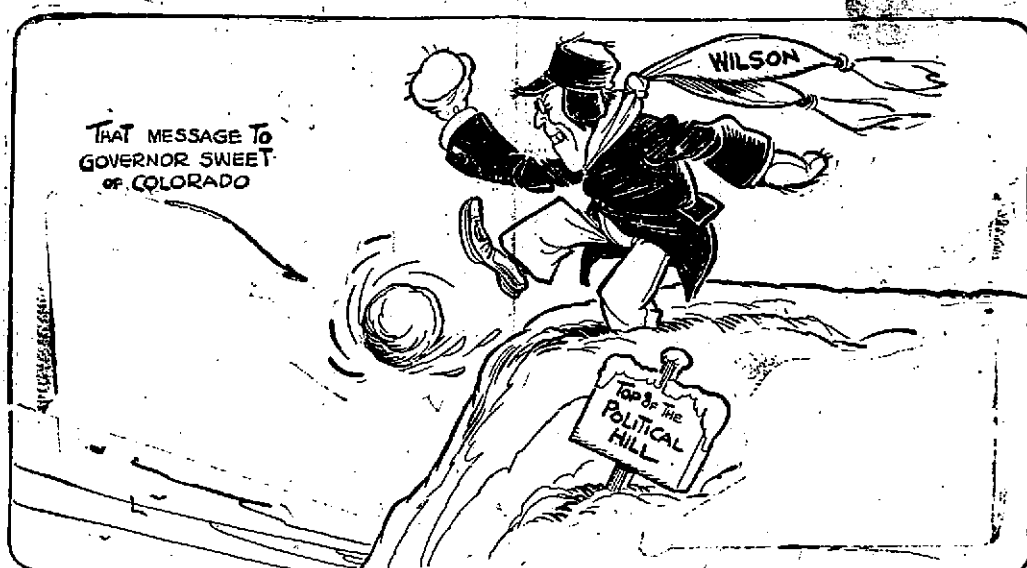

Easter Auto Accidents Take a Toll of 20 Lives

Twenty persons were killed and nearly 200 were injured in the Easter automobile accidents throughout the country, according to a survey today by the United Press.

Ashland, Kentucky, led the casualty list with six dead and four injured, five of the victims meeting death when their machine was crushed by a train. The sixth was killed in an automobile collision.

Detroit ranks next with four dead. Two were killed in Athens, Georgia.

A. W. Wilkinson Of This City, President
Of Indiana Association, At

DISCUSSES STATE BAKERS LAW

Points Out Features Of Model Statute
That Has Won Approval
Of Baking Business

A. W. Wilkinson, Rushville baker, has just returned from Wichita, Kansas where he addressed the joint meeting of the Kansas-Oklahoma Bakers convention, having been asked to speak to the convention on the Indiana bakers law, and as the Rushville man is president of the Indiana association, he accepted the invitation.

Indiana is the first state to have a model bakery law passed, and as it has been successful since its passage, this statute is looked upon by others who contemplate having similar laws passed. The address of Mr. Wilkinson was delivered Wednesday, and in part is as follows:

"The Indiana baker's law, passed by the Indiana legislature in March 1919, becoming effective July 1919, embraces the following features: sanitation of shop, cleanliness of equipment, health of employees, purity of ingredients and materials, safeguarding the consumer's health through proper methods of distribution of bakery products, standard weight of bread and the protection of the interests of both the consumer and the baker by proper labeling of the loaf with its net weight and manufacturer's name.

"The progressive baker's goal is Quality. The first step towards quality is cleanliness. Cleanliness of shop, equipment, ingredients, employees, wagons, bread boxes, in fact everything used in bread baking and bread taking.

"The word Sanitary used in connection with the name of your bakery is superfluous if your shop, equipment, materials employees and representatives are clean. Sanitation needs no spokesman. White walls, clean floors, clean counters, clean clerk, means more to the buying public than the mere phrase, Sanitary Bakery."

"Without a standard weight law for bread, there are two items to be considered in the sale of your products—quality and quantity. With a law that automatically removes the question of quantity, you have all your time, thought, and efforts to

TWO TROOPS ARE UNFILLED

As Soon as 3 And 4 are Organized
Troop 5 Will be Started—J. A.
Mulroy Scoutmaster

The Boy Scout organization meeting Saturday was very successful, two complete troops being organized and enough boys enrolled to start two other troops. The troops are numbered and will be known as troops 1, 2, 3 and 4, Boy Scouts of America, Rushville, Indiana. Other troops will be organized as soon as troops 3 and 4 are filled.

Troop 1 chose patrol names as follows: Wolf Patrol of which William Caldwell was elected patrol leader and James Mull, assistant patrol leader; Eagle patrol, with Robert Sadler patrol leader and Wallace Baker as assistant, and Raven patrol of which Donald Dean is patrol leader and Harold Matlock his assistant. This troop is made up entirely of boys from 12 to 15 years of age.

D. R. Merrell, scout leader, has been very fortunate in securing John A. Mulroy, as scoutmaster for troop 2. Mr. Mulroy is a young man very much interested in boys and it is felt he will soon develop troop 2 into a fine bunch of boys. Troop 2 chose patrol names and officers as follows: Moose Patrol, Lawrence Bates patrol leader and Verlin Leach, assistant patrol leader; Beaver patrol, Joel Harrold, patrol leader and Charles Davis, assistant; and Lion patrol with Robert Elder, patrol leader and Richard Jordan, assistant. Troop 2 is made up from boys 9 to 12 years of age.

There are still many boys in the city who would like to join the scouts. Those boys are advised to see Mr. Merrell at once and get the proper enrollment blanks filled out so they may be assigned to troops. Mr. Merrell would like to fill up Troops 3 and 4 within the next few days and get Troop 5 started. Also any boys already members but who are not sure of what troop they belong to should see Mr. Merrell at once and get their proper assignment.

If there are any young men in the city interested in the scout movement,

THREE ROAD BIDS OPENED

County Commissioners Were To
Award Contracts This Afternoon

The county commissioners met in regular monthly session at the court house today, allowing the usual claims this morning and awarding several contracts this afternoon.

Bids were to be opened at two o'clock on the Beaver road in Noble township, to be built of macadam; the Moore road in Richland township, also to be of macadam construction, and the Sullivan road in Posey township, the plans for which call for gravel.

The commissioners also had the awarding of the contracts for supplies at the county infirmary on their calendar for this afternoon.

SERVICE HERE CAN NOT BE CURTAILED

Impossible For Rushville Postoffice
To Follow Recommendations
Of Postoffice Department

ANOTHER CARRIER NEEDED

Many Complaints Received Under
Present Arrangement Due To Delay
In Delivering Mail

Beginning today, the mail service in many cities was reduced in compliance with the economy order of the post office department at Washington, who is compelled to reduce expenses for the last quarter of the fiscal year, for April 1 to July 1, on account of the postoffice department appropriation for the year running low.

The order cutting down the service does not apply here, it was positively stated at the Rushville postoffice today, because the Rushville office, instead of curtailing its service, needs more help in order to serve the people of Rushville effectively.

The Rushville postoffice showed a gain of \$1,200 in receipts last year over the biggest year's business ever done, and the first two months of this year showed an increase of \$500 in receipts. If this same ratio of increase continues, the gain for this year will amount to \$3,000.

The Rushville postoffice officials have been fighting for another city carrier and have notified the department at Washington that it will be impossible to cut off a carrier there, as is being done in a number of other cities.

If the plan were followed here, that is being followed in other cities the parcel post carrier would be retired until the first of July and the regular city carriers would deliver the parcel post in the afternoon after completing their regular routes.

Local postal officials point out that this is impossible without the carriers working more than eight hours, and then the burden would be too great for them.

Complaints are received daily regarding the service, under the present arrangement and it is pointed out that under these conditions, it would be impossible to curtail the service further.

Many patrons of the Rushville postoffice do not receive their first delivery of mail until noon or after and these are the people who have been registering complaints about the service.

What the Rushville postoffice needs it is pointed out is another city letter carrier.

Horse Lifted From Well With Garage Service Truck

A new use for garage service trucks was found Saturday when a valuable farm horse was removed from a well on the Cleve Geise farm west of Rushville.

The horse fell in the well while running loose in a field and after all other efforts to save its life failed, the service truck was called from Busard's garage. The truck stuck in the field, but finally, reached the well and by means of the derrick attached to the truck, raised the horse to safety. The animal was not injured.

Easter services at the Rushville churches were marked by the largest attendance for this particular day, in the history of some local congregations. Although the weather was decidedly cool, the day was bright and did not interfere with church attendance.

Easter services began at St. Paul's Methodist Episcopal and First Presbyterian churches, sunrise prayer meetings at seven o'clock. All of the Sunday services were crowded and special collections were taken. Prayers were given by the schools.

Easter marked the weeks of special revival at St. Paul's and the First Presbyterian, which were held during the week.

LYONS REITERATES HE WILL NOT RESIGN

Republican State Chairman Denies
Reports That He Had Retracted
His Original Statement

(By United Press)

Brook, Ind., April 2.—Lawrence Lyons reiterated today that he will not resign as republican state chairman, following his withdrawal from the Ku Klux Klan and his repudiation of it.

Various reports that Lyons had retracted an interview given the United Press Saturday in which he said he will "sit tight" and expect the state central committee to take no action were denied by the republican leader.

"I will not resign," he said. Lyons is staying at his home in Newton, county, from which he sent out his telegram, stating that his name be withdrawn from rosters of the Ku Klux Klan and by doing so, stirred up a hornet's nest in the republican party. Lyons said he had been led to join the organization through misrepresentation.

devote to the remaining feature, quality.

"Bread of standard weight eliminates the use of different sized pans, requires but the standard sized wrappers. If your bread is accurately and properly weighed, you do not run the risk of selling fourteen ounces of bread when your label or wrapper calls for one pound."

Mr. Wilkinson then urged the standardization of the weight of a loaf of bread, and characterized it as a step forward in the success of the baking industry.

"Universal compliance with the net weight regulations will eliminate one of the unfair trade practices and will benefit the consumer equally with the baker," Mr. Wilkinson pointed out.

Mr. Wilkinson's address was on the subject of "Weights and Non Return of Stale Bread," and in the latter part of his subject he dwelt in detail, explaining the attitude of Indiana bakers on the subject, and how the 1923 legislature had turned down an amendment offered by the Grocers association, who were in favor of receiving credit for bread returned unsold.

In speaking further on the subject Mr. Wilkinson continued: "I wish again to emphasize the fact that the provisions of the Indiana bakers law embody the fundamental principles upon which a great baking industry can be founded. The requirements are not unreasonable. They have been tried for over three years and are possible of accomplishment for every baker, no matter how small his business."

"We of Indiana I mean the majority of the bakers in the state of Indiana, believe the Indiana bakers law has been a real benefit to the baking industry of the state. While as I stated before, there are a few exceptions, but after three years the sentiment is now changed and the progressive bakers of Indiana realize that a law of this character is fair and just, because it first protects the consumer and buying public to whom we must look for the consumption of our goods and whose confidence we must have, and secondly, it has proven a great step forward in elevating the banking industry on a higher and sounder business plane."

WALTER WICKER TO BE ARRAIGNED THURSDAY

Man Alleged to Have Taken Part in "Battle of Cracker Ridge" Arrested at Andersonville

WAS INDICTED BY GRAND JURY

Brookville, Ind., April 2—Walter Wicker, age 30 years, is in jail in this city following his arrest Friday afternoon by Sheriff William VanCamp, in a barber shop in Andersonville, where he was preparing to leave for Indianapolis. He is held on a grand jury indictment returned recently, charging him with unlawful possession, and manufacture of liquor.

He will be arraigned Thursday, when court reconvenes after a recess. He was indicted in connection with the Cracker Ridge affair, and is said to be one of the armed men who have terrorized this vicinity in recent raids.

Shortly after the "Battle of Cracker Ridge," Wicker left his home and remained away, and was supposed to be hiding in Rush county. He returned Saturday to the barber shop, and Sheriff VanCamp waited until he got out of the chair and placed him under arrest.

About 30 men, some of them from Middletown and Hamilton, O., and of this vicinity, are reported to be members of the armed band of moonshiners.

Gas on Stomach Won't Let You Sleep

Gas often presses on heart and other organs, causing a restless, nervous feeling which prevents sleep. Simple hawthorn bark, glycerine, etc., as mixed in Adlerika, expels gas and relieves pressure almost INSTANTLY, inducing restful sleep. Adlerika often removes surprising old matter from BOTH upper and lower bowel which poisoned stomach and caused gas. EXCELLENT to guard against appendicitis. Hargrove & Mullin, druggists.

BIG CROWD MARKS EASTER SERVICES

Sunday school for the evening service, and a large crowd was in attendance to see the children perform. The presentation of the cantata was aided by the large chorus choir under the direction of O. P. Wamsley. The pastor gave a short talk to the children at the close of the program on "The Legends of the Easter Time and the Crucifixion of Jesus Christ." At this service the regular Easter missionary collection of the classes of the Sunday school was taken, the offering amounting to \$1,533.51.

Comandery Attends

L. E. Brown Speaks to Knights Templar Sunday Morning

The Rev. L. E. Brown spoke to the Rushville comandery, Knights Templar, at the Sunday morning Easter service, using for his theme, "Recompense of Resurrection." A special Easter program was given by the Bible school, which had an attendance of more than six hundred.

The Rev. Mr. Brown spoke in part as follows to the Rushville comandery, members of which attended in full uniform:

The relative power and value of every individual and institution is to be determined by the dominating purpose for which they live. Power, position, profit, pleasures are often the purpose of life rather than great principles. God in his dealings with humanity has recognized the fact that man must have some incentive to service and sacrifice. Self interest is the lowest and often the first motive that moves men to action. The Promised Land and a great posterity were the first incentives to Abraham, then that he should be a blessing as well as be blessed. Material rewards were first presented to Israel for their love and obedience. But the preaching and principles of Christ were different from all other great teachers that went before him. He placed the future rewards before and above the present. In his mind a feast was not to be given to pay a social debt or to create a debtor but for spiritual not social purposes. Social service to receive its reward at the resurrection of the just.

The recompense of righteousness is the plan and principle of the divine government as expressed in (1) Nature and her laws where violation brings its sure if not swift punishment; Obedience its rewards and blessings. All progress has been made by knowing and obeying nature's laws and thus receiving her rewards. (2) Instinct. There is a deep seated feeling among even barbarians that for every wrong there is a day of reckoning and judgment. This found expression when Paul was pronounced a murderer because he was bitten by a venomous serpent. And then proclaimed a God when

they found that no hurt came from the bite. (3) Experience of history. Jacob lied to his Father Isaac and in turn his sons lied to him. It is exemplified by the brethren of Joseph when they were at the mercy of the brother they had so greatly wronged. This law of God is not destroyed only delayed until the day of resurrection and judgment.

All of Christ's teachings were founded on the fundamental facts of Faith—God, Future Life and the Resurrection. These he never questioned, challenged or argued but asserted.

What then does the resurrection mean more to the Christian than to any other person if all are to be raised as taught in the scriptures?

1—Destruction of death. The righteous are to die no more, but the wicked are to suffer the "Second death." The Christian has the blessed promise that death is to be destroyed, and his sting is to be withdrawn though now he is unmoved by our prayers, untouched by our tears.

2—Destruction of the flesh and all fleshy relationships. Most of our problems and perils grow out of the weakness of the flesh. Our fleshy and material ideas of life blind us to the higher and spiritual conceptions of the relationships to our fellow men and Heavenly Father. But then there we are to neither marry or be given in marriage. But to be as the Angels of God in heaven. For flesh and blood cannot enter into that Heavenly kingdom.

3—New Body. The Christian is to be given a new body like unto the body of Christ's glory as a part of his recompense at the resurrection. A body in which there shall be neither pain or passion, disease or death freed from all deformities.

4—The First Resurrection. Blessed and holy is he who hath part in the first resurrection for on him the "Second Death" is to have no power. A resurrection like Christ's from the dead, the wicked dead to remain in their graves and to be raised later for their final punishment.

The possession of a renovated world wherein dwelleth righteousness, a land without thorns or tears, grief or graves, where we can roam its fields without fatigue, climb its mountains without stumbling, walk through its fields where grow the fairest and most fragrant of flowers, listen to the songs of birds of swiftest wing and sweetest song, and brightest plumage, visit with friends of long ago and hear from His lips of love "Come ye blessed of my Father, inherit the Kingdom prepared for you from the foundation of the world." This is at least part of the recompense of the just when comes their resurrection.

AMUSEMENTS

Speed And Action Galore
"Speed Counts" is the password at
the Mystic Theatre this week for
they are showing that old time melo-
drama, "The Fast Mail." It was writ-
ten by Lincoln J. Carter, today and
Tuesday. It is a William Fox pre-
sentation and has been directed with
a keen eye for thrills by Bernard J.
Durning. In the cast are Charles
Jones, Ellee Percy and Adolph Men-
jou.

So fast does the action move that
one has a hard time keeping up
with the thrills. When the play was
first produced on the stage the big
scene came when "The Fast Mail"
thundered across the stage in the
title role. But the camera, hand-
ling the theme with a much broader
scope, has managed to include, in-
stead of the one thrill, one dare
devil stunt after another, Pones, who
plays the role of the hero, Walter
West claims that he has no nerves,
and this picture will surely uphold
that statement.

It is a melodrama pure and simple
but remarkably well done. Of
course, West is in love with Mary,
and she with him. The rejected
suitor does all in his power to mar
their happiness. Action first comes
with a thrill steeplechase, where
West, on whom all the money is
placed to win, is fouled.

There is action of all sorts. Fast
horses, fast boats, fast trains, fast
machines and a fitting climax to it
all, a realistic fire.

CHANGE THE DATE FOR COUNTY MEET

Officials Of High Schools Decide To Hold Events April 14 Instead Of The Eighteenth

ELIMINATIONS AT CITY PARK

Main Events Will Be Held In The Afternoon At Dagler's Track—12 High Schools Enter

Final details for the first annual Rush County high school track and field meet, were worked out Saturday afternoon by the officials of the high schools in the county, and the date of holding the affair was changed to Saturday, April 14, instead of on the 18, and an all day meeting will be arranged.

The schools which will take part in the events will be as follows: Webb, Center, Manilla, Arlington, Carthage, Raleigh, Gings, Glenwood, New Salem, Milroy, Moscow and Rushville.

The elimination trials, in which entrants from the schools will be sifted down for the finals, will be held in the morning, at the city park. The finals will be held on the Dagler track, Seventh and Spencer streets.

All of the morning events will be held in the park, including other features which will not count for points, such as the horse shoe contest; hop-step-and-jump; hop step; tug-of-war; setting the peg; potato race, standing jump, and the contest for girls, to see which one can throw a baseball the greatest distance.

While these events are being run off, the elimination events will take place in some other section of the park, and the program will start at 9 o'clock in the morning.

In the horse shoe contest, doubles will be played and each school can enter two players, and a drawing for matches, similar to basketball drawing, will take place.

Ribbons and medals will be awarded, with red and blue ribbons for the contest at the park. In the list of finals, 10 events will be competed for by the schools surviving the preliminary trials. Winners of first position will get 5 points, second place 3 points, third place 2 points, and fourth place 1 point.

The events will consist of the following: 100 yard dash; 220 dash; 440 dash; 1 mile run; mile run; relay race; pole vault; shot put; running high jump; running broad jump.

BE RID OF THAT ACHE

If you're a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend. Ask your neighbor!

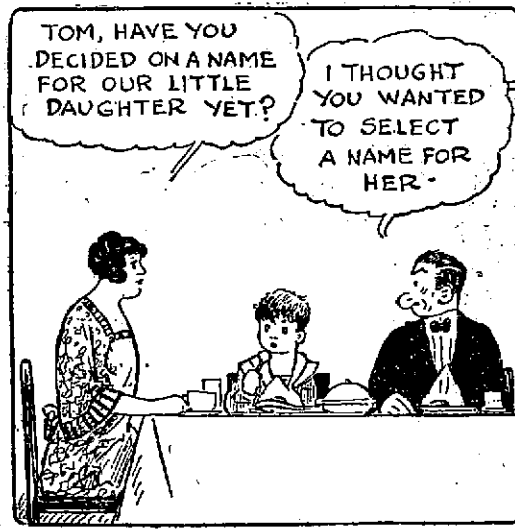

Mrs. Joseph Doll, 521 W. Third St., Rushville, says: "I have used Doan's Kidney Pills off and on when I was troubled with kidney complaint and have found them a reliable remedy. At times my back was weak and lame and I had to remain in bed. It ached intensely through the small part and my kidneys were irregular in action. I used Doan's Kidney Pills and they have never failed to relieve me."

Mrs. Doll gave the above statement August 26, 1915, and on November 1, 1920, she added: "I still have the same high opinion of Doan's Kidney Pills. I use them occasionally as a kidney tonic always with satisfactory results."

BIG CROWDS MARK EASTER SERVICES

and the others by letter. In the evening two more came forward, confessing their faith. There was also a large attendance of young people at their meeting and the evening service was well attended.

The church has been greatly lifted up by these pre-Easter meetings. A new life is manifested in every department of the church work. Mr. and Mrs. Gerald E. Bonney have made for themselves many friends in Rushville. Their work has been most satisfactory. They left this morning for Winona Lake for a brief rest before beginning other meetings, probably in the east. The very best wishes of the Rushville church went with them.

The Rev. Mr. Wilson spoke Sunday night from the text "Having no hope and without God in the World," and said in part:

This is a most dismal picture which Paul has presented to us of these Ephesian people while they were unbelievers, they were without all the blessings that come from Christ. They were strangers to God's divinely appointed plans, and promises in Christ. They had no ground or reason for looking forward to better things.

To be in the world and without God in our life is a dark picture. Pluck God out of the heavens and with the Fatherhood of God goes the brotherhood of man.

Without brotherhood, democracy and liberty such as we have could not exist.

When God goes then goes the Sabbath with all its teachings, and with it prayer and the songs of the church.

Pluck God out and you have left no foundation or basis for justice between man and man.

If God is to go out of life then go the ten commandments out of the Christian religion and out of the government of Christian nations.

The man without the true and living God is desperately poor. He only can understand the loneliness of sin. The man without God has no part in the benefits of the cross of Christ.

People are asking "What is the matter of the life of today?" John answered nineteen centuries ago: "Love not the world." That doesn't mean that the Christian is not to have a good time. He is to have the very best kind of enjoyment. But when worldliness is in his life it destroys his happiness.

When the devil is administering his greatest pleasures through the allurements of the world, beware for they are mixed with poison.

These Ephesians to whom Paul is writing were not Atheists. They had thousands of gods, the work of man's hands. They were without the knowledge of the true God. When God goes out of a man's life, then immortal hope has gone from him. The flower begins to wither at the top when it begins to die at the root.

To be without God is to have no fellowship with Christ. He is the foundation of the Christian church and to be without Christ is to be without the Christian hope.

To be without Him is to be without pardon for the past and without hope for the future. There is only despair written on the countenance of the man who is without hope.

We invite you to a place in the fellowship of God and the benefits of Jesus Christ that you may have part in the rendered tomb and the life eternal.

WEEKLY STORE NEWS

From ALLEN'S

Deal where you are known, you save time, trouble and money by trading where you are known.

If your grocer knows your likes and dislikes he can serve you as you can't be served by the store where you are just a "purchaser." Most women today are too busy to spend their time in the little details of shopping every time they need some groceries, too intelligent to break into their day's work by personally carrying home their groceries.

Our service to you is more than just "selling groceries"—its standing back of them. You take no chances when you buy from us. We have some gallon cherries, full pack and fine quality that are a real bargain at our price of \$1.25.

In spite of the fact that all laundry soaps have advanced considerably in price we still offer well known brands of brown soap at 3 cakes for 10c and good white soap at 6 cakes for 25c.

If you haven't tried LOYALTY flour you are missing the satisfaction so many of our lady customers have found in its use. It is an every purpose flour—good for everything you use flour for.

"Hello Mrs. Spalding"

SO sorry that I called just as you are going out, but I won't keep you a minute. Going shopping for the children you say? Fortunately I got Marjane and Tommy outfitted last week.

I just had splendid luck. MAUZY'S advertised Polaire Coats for \$5.95, so I thought I'd run down and see them.

REALLY my dear I was surprised. I never thought I could get Tommy a Coat at that price. In fact, MAUZY'S offered such excellent values in Children's Clothes that I didn't go another place.

Did you say Grace needed Dresses? Well MAUZY'S is the place to go. Their styles are darling.

I picked up several for Marjorie and I don't believe I paid over \$3.50 for any of them.

And the adorable Sweaters! Such pretty combinations of colors are fashioned in snugly fitting slipovers, just the thing for these cool days.

YOU know I like the saleswomen in MAUZY'S Children's Section. Have you ever noticed how interested and accommodating they are?

Yes, I met Mrs. Field too. Did she tell you about the Tub suits she bought at MAUZY'S for Robert? Well, I saw them—they're just as clever as you could want. And she only paid \$1.95 for them, you know.

Don't mention Underthings. I thought I'd never get my two stocked up but at MAUZY'S I found the sort that are worth buying in quantity.

For your little folks I want you to see their bonnets and hats. That terribly distressing problem will be dispated in a jiffy.

ALL in all I had a most satisfactory day and so much easier than chasing from one place to another. Hope you have the same luck. Believe you will at MAUZY'S.

Well, I won't keep you any longer. Wanted to talk about the Club, but will call you again.

Goodbye!
